## The Electric Field

Open this Desmos graph: <a href="https://www.desmos.com/calculator/n1rdt2yyve">https://www.desmos.com/calculator/n1rdt2yyve</a>

You can move the three charges (red, purple, and green) around and change their charges ( $q_1$ ,  $q_2$ , and  $q_3$  respectively). Move the point (black) around to see what the electric field vector is at that point.

Open this Desmos graph: <a href="https://www.desmos.com/calculator/l3sezvpjot">https://www.desmos.com/calculator/l3sezvpjot</a>

Move around the three charges to look at the entire field and how it is effected by the charges.
